

Hazelwood Community Consultation Session

WEDNESDAY 15 March, 5.30pm

Italian Australian Club, 499-501 Princes Drive, Morwell

Dear Community Member

Following the announcement in November last year of the closure of Hazelwood power station and mine, the focus of our management team has been on our employees and how we can help them in the transition process post the closure on 31 March 2017.

However, we understand that the community is also interested in our plans post closure, and we would like to provide you with an update.

The community and other interested stakeholder are invited to hear from members of our senior management team at a public information session where an update will be provided on planned works, including decommissioning and rehabilitation,

along with proposed community consultation activities. Should you or a representative from your organisation wish to attend, please contact Lauren Carey, External Communications Manager, via email lauren.carey@au.engie.com or on 0418 147 788 to register your attendance.

I hope you can join us at the public consultation. Kind Regards,

Tony Innocenzi, Asset Manager ENGIE Hazelwood
